Perignano (PI), 06 September 2019

With this letter we hereby confirm that H-ON Consulting has been an ideal partner for us. H-ON team has been supporting our company to achieve the CE marking (Directive 2006/42/EC) and its Minimum Health and Safety Requirements (2009/104/EC, Annex V for Italy) for our plant in Perignano (PI).

We really appreciate the attention for the details during their visits and in the technical reports. This kind of work represents an optimal basis for our goals in safety.

Sincerely,

Leonardo Luporini – RSPP Perignano Plant
