To: H-ON Consulting

Reference Letter

H-ON Consulting was our supplier for the evaluation of machinery in accordance with the Machinery Directive 2006/42/EC.

Their technicians have proven capable of supporting our organization and offering technically sound solutions. We particularly appreciated the availability of all the H-ON staff to combine our different needs.

Guaranteeing a workplace that protects the health and safety of our employees is one of the fundamental points of our corporate vision and with the supplier H-ON Consulting we are getting closer to this goal.

We highly recommend H-ON Consulting as a partner in machinery compliance projects.
Best regards,
