

GRUPPO **AFV** BELTRAME

STEEL SINCE 1896

Vicenza, October 24th, 2016

The Beltrame Group has been active in the steel industry since 1896 and is a European leader in the production of merchant bars. While our group continues to develop projects aimed at constantly improving efficiency and effectiveness of its processes and systems, we highly appreciate and recommend the expert knowledge from the H-ON Consulting team. In reference to the safety machines within the metal sector H-ON was a key player and valuable consulting resource regarding redefining our objectives and targets.

We highly recommend H-ON Consulting specifically for their expert industrial knowledge concerning our machines and processes. They have been a valued addition to our team.

Riccardo Giulio Garrè

Group CEO

AFV Acciaierie Beltrame S.p.a.
